FOCUS STICK 120 E PFC

PORTABLE MMA WELDING MACHINE

The Focus Stick 120 E is a small, handy and portable MMA welding machine designed for DIY repairs.

Focus Stick 120 E has excellent ignition properties ensuring a stable arc and it welds with most types of electrodes up to 3.2 mm.

For even more flexibility, you have the option of plus or minus polarity on the electrode clamp. Simple TIG welding with scratch ignition is also possible.

Focus Stick 120 E is a mono-phase (230 V) machine featuring PFC (Power Factor Correction), which allows you to weld with a long mains cable or with a generator as power source.
